**AK4823 TANKER TECHNIQUES MAGAZINE
ISSUE 05 MUD & EARTH.**

9€

TTM is the most specialized magazine in the world, devoted entirely to painting techniques painting and weathering techniques of military vehicles. In this issue we focus on mud. We will show through different tutorials, and sbs articles how to implement these techniques and how to translate to your models. Again the best modelers in the world showing us their tricks and techniques. You will learn through high quality photos and step by steps many new ways to use different products to recreate realistic mud in your vehicles. Printed for collecting in high quality format, TTM is a collectible resource packed with useful techniques and inspiration.

The best issue any magazine has ever dedicated to this theme. Explore the different techniques to replicate the mud on your vehicles as an artistic resource.

AK103 MODELING WHITE PUTTY

4.50€

High quality white acrylic putty, extra hard, (20 ml, 39 gr.). Polyurethane water based, one component product. It does not shrink when drying. Specially designed for modeling. Superfine filler with perfect adhesion and sanding properties. It is water based so there is no smelly chemicals in the mix to cause skin and respiratory problems. It can be cleaned off with water.

AK104 MODELING GREY PUTTY

4.50€

High quality grey acrylic putty, standard hardness (20ml, 39 gr.). Polyurethane water based one component product. It does not shrink when drying. Specially designed for modeling. Superfine filler with perfect adhesion and sanding properties. It is water based so there is no smelly chemicals in the mix to cause skin and respiratory problems. Can be cleaned off with water.

MC-811 BRITISH AND US NAVY BASIC NAVAL COLORS

14.00€

New color set for warships developed under MENG requirements to paint the basic colors of the American and British fleets in WWII, which is a perfect complement for MENG's new references and any naval modeler.

The colors within this set are true to the actual color with a little modification for scale effect. These acrylic paints are formulated for airbrush although they can be used with brush too, and they are soluble in water. These acrylic paints are formulated by MENG and AK-Interactive under the most exact parameters. We recommend MENG thinner for use with this product.

This set contains:

- MC-291 Deck Blue 20 B
- MC-292 Haze Gray 5 H
- MC-293 Sea Blue 5 S
- MC-294 Admiralty Dark Grey 507A
- MC-295 Admiralty Light Grey 507 C
- MC-296 Wooden Deck
